ABOUT US

Located in Utah County, we are a team passionate about wellness and skincare, dedicated to offering personalized treatments that will leave you feeling renewed and radiant. Come and discover the results our treatments can offer you, from Morpheus8, microneedling, and micro-channeling to peels and laser hair removal. We use the latest technology to enhance your natural beauty without the need for injections or fillers. We want every visit to be an opportunity for you to relax, be pampered, and leave with fresh, glowing skin.

Here at Beautology Studio, our priority is for you to feel comfortable and confident. We take the time to understand your needs and provide solutions that truly make a difference in your skin and overall well-being. We know that taking care of yourself is essential, which is why we've created a space where you can disconnect from daily stress and focus on what really matters: your health and beauty. Come visit us and let us pamper you!

LUMECCA^{PEAK}

The Lumecca Peak intense pulsed light (IPL), designed with 25% more optical power and a shorter pulse duration, delivers faster results in addressing vascular and pigmented lesions, superficial vessels, and photodamage in both light and dark skin tones. The custom xenon flash lamp, large sapphire cooling tip, and high pulse repetition rate reduce treatment times, providing photo-rejuvenation in fewer sessions than standard IPL treatments.
